

Ike 'Too Busy' To Think About Re-Election Battle

Takes Stand Against Cut In Foreign Aid

WASHINGTON (AP) — President Eisenhower, who described himself as "too busy" to think about his re-election battle, took stands Wednesday against cuts in foreign aid and personal involvement in Republican primaries.

Eisenhower also offered to trade top level official visitors with Moscow on a completely reciprocal basis — then sort of backed away from that idea, which is not universally popular in Congress. He told a news conference he didn't know whether this country would extend any invitation at all.

The President started off on foreign aid and the \$1,109,000,000 reduction recommended by the House Foreign Affairs Committee in his \$4,900,000,000 program.

Declaring "we must continue to wage the peace," Eisenhower said it would be tragic not to support foreign aid cheerfully and adequately. Otherwise, he said, "we are going to spend many more billions in this static, negative defense."

But he said that with evidence of renewed friendship between Marshal Tito of Yugoslavia and the Kremlin, "we have to take a look where we stand with this individual now and what serves our best interests."

Tito now is being entertained in Russia and some legislators are calling for an end to American aid for his country.

The chief executive presented a figure of unworried confidence about his own political future.

He declared in rather breezy, laugh-provoking fashion that he hadn't even discussed specific details of the campaign with Republican National Chairman Leonard W. Hall or anybody else. That was in response to a question whether he might broaden his personal role beyond half a dozen TV speeches.

Confirm Seaton For Cabinet Job

WASHINGTON (AP) — A unanimous Senate vote, taken after only brief discussion, confirmed Wednesday President Eisenhower's nomination of Fred A. Seaton as secretary of the Interior.

The Nebraska publisher, cattleman and former Republican senator has been serving as a White House assistant to Eisenhower. His nomination won unanimous approval Tuesday from the Senate Interior Committee.

Another nomination — that of Charles J. Lowen, Jr., to be administrator of the Civil Aeronautics Administration — was confirmed just as quickly Wednesday by a voice vote.

Seaton succeeds McKay, who resigned as secretary to run for the Senate in Oregon against Sen. Morse, a former Republican turned Democrat. McKay's policies were frequently attacked by the Democrats.

Lowen, a resident of Denver, Colo., has been serving as CAA administrator under a recess appointment.

Dalton Denies Talk Of Raising \$150,000 For Davis' Campaign

MADISON, Wis. (AP) — The man who has been quoted as saying that Wisconsin industrial leaders are pledged to raise a \$150,000 campaign fund in behalf of Rep. Glenn Davis, Republican-endorsed candidate for U. S. senator, denied Wednesday that he ever mentioned such a sum.

Robert Dalton, Brookfield, friend of Davis and a Waukesha County delegate to the recent state convention in Milwaukee that endorsed Davis over incumbent Sen. Wiley, made the denial to John Wynyard, Capitol correspondent for the Green Bay Press-Gazette.

Dalton's reported statement, widely publicized has become the theme of the 72-year-old senior senator's angry charge that he was unfairly repudiated by the "kingmakers" of the state Republican organization in his bid for party support for a fourth term.

The Dalton report originally appeared in the Milwaukee Journal and was picked up throughout the nation.

Wynyard quoted Dalton as saying: "The figure of \$150,000 was never mentioned. I never mentioned there was any need for that much money. The only one I talked to in regard to financing was William Grede (Milwaukee industrialist and finance chairman of the state GOP organization). When you talk finances he's the guy you want to talk to."

Dalton was reported to have informed fellow delegates that the promised campaign sum had been pledged by Grede; Wayne Hood of La Crosse, a former state party chairman; Walter Harnischfeger, head of a big Milwaukee industrial firm; and Thomas E. Coleman, Madison industrialist and long-time Republican organization leader.

Hood has denied there was any mention of a \$150,000 campaign fund. The others have not commented.

Dalton said he and Davis had discussed the matter of campaign financing with Grede but that no campaign budget figure was discussed. Davis, according to Dalton, wanted only the standard assurance that there would be a serious effort made to back his candidacy and Grede agreed.

"As of this moment," Dalton said, "I don't know of one time that has been pledged on the Davis campaign."

NO MORE WORMS IN WATER IN PEORIA

PEORIA, Ill. (AP) — The open reservoir which was blamed when tiny white wigglers appeared in Peoria's drinking water has been replaced.

The Peoria Water Works Co. Tuesday put into service a new five million gallon closed steel tank which officials said will do away with water worms, and increase pressure in sections of the city.

When worms appeared in the city's water supply about two months ago, the old 19 million gallon reservoir was drained and found to be infested with the harmless larvae of the chironomus fly.

The new tank is 52 feet high and will serve the entire city population of 112,000.

Tito Sees Threat To Stop U.S. Aid As 'Unimportant'

MOSCOW (AP) — President Tito of Yugoslavia said Wednesday night Sen. McCarthy's resolution to stop U.S. aid to Yugoslavia is unimportant and not a threat to his friendly relations with the United States.

Tito indicated he would visit the United States — if invited. The visiting Yugoslav chief talked informally to a reporter at a grand reception in his honor at the Kremlin.

Asked about the resolution McCarthy introduced in the U.S. Senate Tuesday, Tito replied: "It is not important. Our relations with the United States will not suffer. Our friendship with the United States will continue as before our trip here."

Informed of Tito's reaction, McCarthy said in Washington: "My position is the same. The theory behind giving foreign aid is that it should be used to aid those opposed to Communist aggression. Tito has reaffirmed his adherence to the Kremlin. There is no reason on earth to give him American dollars."

Tito insisted his visit to Moscow "will contribute to better relations with the United States, with Russia, with all countries."

McCarthy proposed to cut off all U.S. aid to Yugoslavia because of "Tito's pro-Russian statements during the current visit to Moscow." McCarthy's move was commended by the Senate minority leader, Sen. Knowland (R-Calif.).

(President Eisenhower said in Washington Wednesday he believes there should be a restudy of aid to Yugoslavia. Eisenhower told a news conference the United States must continue to work for peace but must have a continuous study of the foreign aid program to keep it in the right place.)

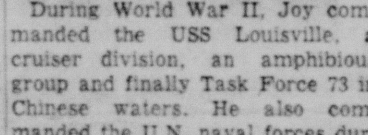

When an American remarked Tito should take a trip to Washington to make sure there was no misunderstanding, the Yugoslav leader said: "If I am invited, why not? But first I must be invited."

Communist party chief Nikita Khrushchev also spoke of improving U.S. relations in a chat with John A. Kennedy of San Diego, Calif., who publishes the Sioux Falls, S. D., Daily Argus Leader.

Kennedy remarked that after a month's tour of Russia he believed "our countries can and must get together."

"We believe that, too, and we are ready," Khrushchev replied. Khrushchev and Kennedy then linked their arms and drank a toast.

ADM. C. TURNER JOY

A native of St. Louis, Mo., Joy graduated from the Naval Academy in 1916 and returned to become its superintendent in August 1932. He retired in July 1954.

During World War II, Joy commanded the USS Louisville, a cruiser division, an amphibious group and finally Task Force 73 in Chinese waters. He also commanded the U.N. naval forces during the Korean War.

Services will be held at the Naval Academy Wednesday. Burial will be in the academy cemetery.

Besides the widow, Joy is survived by two sons: Lt. Charles Turner Joy Jr., USN, and Army Capt. Duncan Joy and a daughter, Miss Mary Martha Joy of San Francisco.

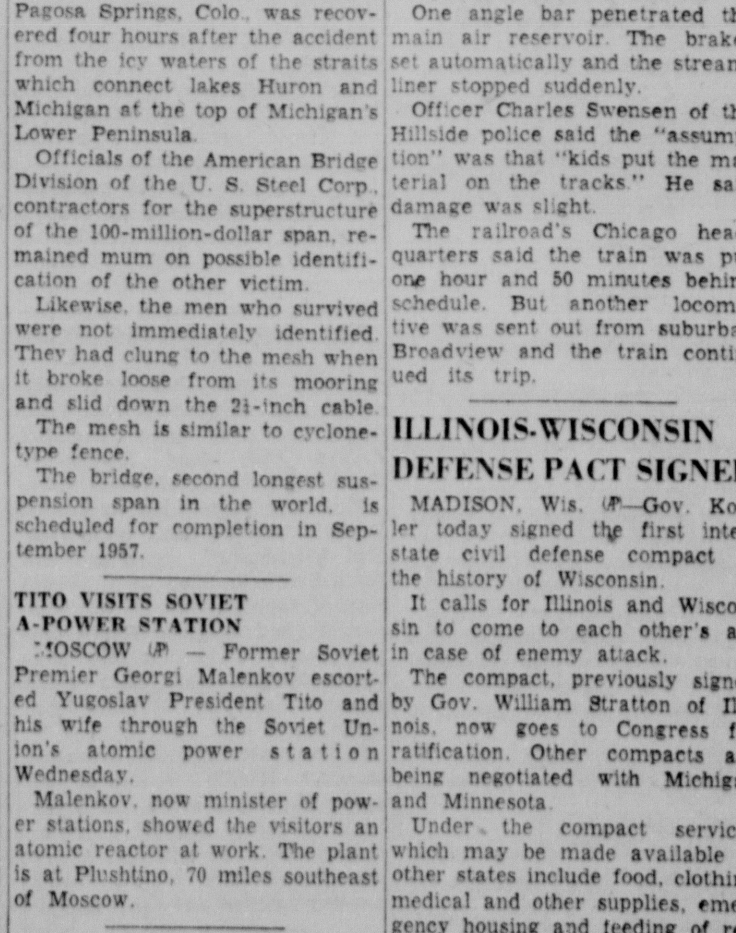

He was appointed commander of the United States Far Eastern Naval Forces in 1949, commander of U.N. naval forces in the Korean conflict, and in 1951 he was named senior delegate of the United Nations Commission delegation to the Korean armistice conference.

R. A. Morgan, assistant company vice president, said the agreement calls for a 13 cents-an-hour across-the-board increase for all employees, plus 5 cents additional effective next Jan. 1 to correct job inequities, and improvements in pensions and messenger allowances.

The unions involved are the Commercial Telegraphers Union and the American Communications Assn. (Int.).

They had sought a 27-cent increase in wages and other improvements. The workers' average earnings have been \$1.88 hourly.

The casts of President Abraham Lincoln's hands in the national museum were made by Leonard Volk.

Fight To Restore Cut In Foreign Aid Shapes Up

Challenge Report Of Drop In Crime Rate In Chicago

CHICAGO (AP) — Chicago's crime rate has dropped sharply—or has it?

The city's two chief prosecutors — State's Atty. John G. Gurnea and U. S. District Atty. Robert M. Tienken, voiced sharply opposing views Wednesday.

Gurnea, a Democrat, made public figures which he said are based on an FBI crime report showing that Chicago had the lowest crime rate of the nation's major cities in 1955.

But a few hours earlier, Tienken, a Republican, told the Chicago Crime Commission that he questions the accuracy of figures showing a drop in Chicago crime.

Tienken said Chicago policemen are poor bookkeepers—that some quickly solved thefts are never recorded.

Gurnea declined to comment on Tienken's remarks. But he released a report stating that Chicago, in 1955, had 46,551 crimes consisting of murder, manslaughter, robbery, aggravated assault, burglary, larceny and theft.

This, he said, amounted for a rate of 12.8 crimes per 1,000 population. Other cities and their 1955 crime rates per 1,000 population were listed as:

Philadelphia, 14.8; Boston, 16.3; New York, 17.5; Cleveland, 17.8; Washington, 22.4; Baltimore, 24.6; Detroit, 27.3; San Francisco, 31.3; Los Angeles, 35.2; and St. Louis, 35.3.

Boy, 13, To Spend \$140 To Bury His Best Pal—A Dog

NEWARK, N. J. (AP) — A 13-year-old boy is going to spend \$140 to bury his best pal—a dog.

Tommy Gorse and his dog, Wow, were born the same day and Tommy named the dog at the age of 3 when he babbled the words, "Wow wow."

Infant and pup grew to boy and dog, staying side by side day and night. The dog followed the boy to school each day and then turned home reluctantly.

But the dog died Tuesday of an internal hemorrhage.

Tommy's father, Thomas N. Gorse Sr., tried to persuade the boy to bury his pet either in the country or in the back yard.

"But he was determined," said the father. "He asked me if I'd bury a pal of mine in the back yard, and they certainly have been pals."

So Tommy is spending \$140 of his savings for college and medical school—earned doing home chores and baby sitting—to bury the dog Sunday in Restland Park, Chester, N.Y., a famous animal cemetery.

Services will be held Sunday and the pet will be buried in a silk-lined casket in a concrete vault.

Over the grave will be a small bronze plaque with this inscription: "Wow, my devoted pal, May 5, 1943, to June 5, 1956."

Wednesday, Tommy was mourning so heavily that he stayed home from school.

"I'm sick inside," he said. "I loved my dog."

Contractor Shot To Death On Job

CHICAGO (AP) — A contractor was shot to death at a construction site in suburban Berwyn Wednesday.

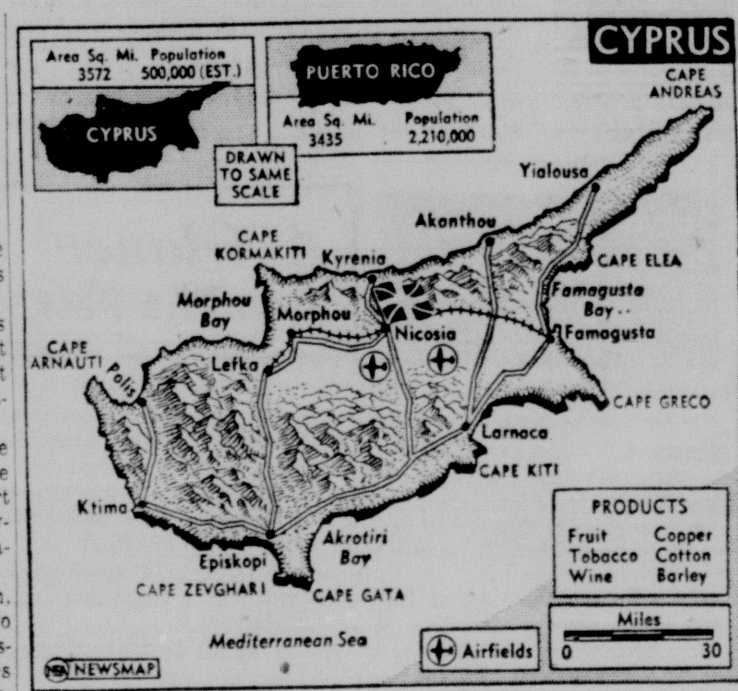

The gunman fired four shots from a large caliber revolver at the contractor, Charles M. Kniernim, 53, of suburban Winfield, Ill. Then the killer walked, outwardly calm, to a car parked nearby and sped away.

Two witnesses chased the gunman in their own cars, but he escaped them. Berwyn police said.

Witnesses got the license number of the escape car and gave it to police, who were checking. Police said they were not immediately able to determine whether the killing was motivated by personal or other reasons.

Kniernim was an independent contractor who employed 10 men to do the masonry work at the new Cermak Shopping Center being built in Berwyn.

Before it was separated from Virginia, West Virginia was called the trans-Alleghany region of Virginia.

Ike Says Cut Would Be Tragic

WASHINGTON (AP) — House forces deployed for a major battle over foreign aid Wednesday after President Eisenhower said it would be "tragic" if Congress doesn't support his program.

House Speaker Rayburn (D-Tex.) indicated the main drive would be toward restoration of about half the \$1,109,000,000 slashed from the administration's foreign aid budget by the House Foreign Affairs Committee.

Although top Democratic and Republican leaders appeared to be getting together on some sort of restoration move, there was still lots of opposition in the House to giving Eisenhower the full \$4,900,000,000 he wants to carry on the mutual security program through the 12 months beginning July 1.

Rep. Richards (D-S.C.), chairman of the Foreign Affairs Committee, announced he would fight for the cut his committee approved 24-4 on May 23. Most of this \$1,109,000,000 reduction was in military aid proposed for nations allied with the United States against the threat of Communist aggression.

Eisenhower told his news conference earnestly Wednesday that this country "must continue to wage the peace."

"We must not be parsimonious," he said. "We must support such programs as the Mutual Security Act. I would think it would be tragic not to support these programs cheerfully and adequately."

The President was reported to have told an extraordinary bipartisan conference of House leaders earlier that it would endanger national security to cut the foreign aid budget as deeply as the foreign affairs committee did.

He said at his news conference the nation was now spending on the order of 40 billion dollars a year "waging peace," and that about 10 per cent of it was what was called mutual security.

"As long as we are not shooting, we are not spending one-tenth as much as we would if we were shooting," the President told the newsmen. "And, remember, there

Our Dog-Bitten Couriers

Apparently the dog is man's best friend except when man happens to be garbed in a postman's uniform.

Mailmen are being bitten so often by dogs that postmasters are considering outfitting them with kits of dog candy for emergency use.

No one knows, of course, whether this will work even if it's tried. Other ideas are in the hopper. They include protective leggings, and even escort dogs, like destroyers accompanying a battleship.

The problem has its puzzling aspects. It isn't clear whether the matter

is worse because there are more dogs around, or whether dogs are just getting tougher.

They say dogs can be "conditioned" in their responses just like humans. If that's the case, then perhaps their owners ought to condition them to respond more gently to postman's gray.

One thing is sure. The mailmen won't give up easily. But before they're through they may have to modify their old motto to read: "Neither snow nor rain nor heat nor gloom of night nor dogs stay these couriers from the swift completion of their appointed rounds."

The World Today

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP)—Communist party boss Khrushchev threw the memory of Stalin into the garbage pail of history with his speech which is one of the world's most amazing and ironic.

Khrushchev painted Stalin as a maniacal, murdering torturer, one of the greatest monsters in history. He made the speech to the party congress in February. The State Department finally got a copy of one version and released it this week.

Khrushchev's purpose was to destroy the image of Stalin as a guiding genius and, in exposing his crimes, to try to build faith in the new "collective" leadership. In this speech horror was piled on horror. Khrushchev said Stalin's arrogant stupidity was to blame for the slaughter of hundreds of thousands of Russian troops by the Germans in World War II.

He said Stalin deported whole peoples during the war and murdered and tortured innocent people. But Khrushchev's greatest concern was for what he called Stalin's murder of Old Bolsheviks and faithful Communist party members.

The picture of Stalin which emerged is that of a cannibal: he devoured his own people. But anyone who thinks this revelation of a nightmare will turn people in other countries against Communism and the new Russian leadership may be making a mistake.

The frankness of it — Khrushchev's effort to show that the new leaders are patient men different from Stalin—may be convincing to a lot of people who feared and loathed Stalin and didn't know what to think of his successors. This speech has irony for anyone who reads it carefully.

Khrushchev is not complaining about Stalin's use of terror, as such. He said, in effect, that terror is all right anywhere the Communists try to take over, that in fact it's necessary. His objection was that Stalin kept on using terror long after he needed it.

Thinking It Over—

By Robert L. Dittenbacher, D.D.

Mystery books have come to be nicknamed "Whodunits" because the stories are supposed to lead us through a maze of confusing incidents, sprinkled with clues to help the reader deduce the culprit's identity.

The plot reveals that variety of human beings have sinned against their fellow men. However, one or more persons have committed sins which civil law will not condone. The end is reached when the greatest sinner of the cast is convicted or about to be convicted for his sins against humanity.

These mental gymnastics doubtless keep the mind alert to the strange ways of man or of some people. However, the unknown ways of men always seem to follow their pattern of duplicated errors.

The mysteries of God are in great contrast to the mysteries of human crime. God's ways are difficult to follow because we are so accustomed to look for evil that we do not expect to find an end of good.

God's ways are strange to us. He puts love ahead of cleverness. He puts faith above suspicion. He offers forgiveness instead of conviction. He gives beauty in return for ugliness.

The way of God is eternal life instead of a way ending in death and oblivion. The mysteries of God are built on giving rather than taking. Rewards instead of punishment. Love in exchange for hate.

We would do well to read more of the mysteries of God than the "Whodunits" of crime.

Boyle's Column

By HAL BOYLE

NEW YORK (AP)—A dozen years

after the Normandy landing, the

mightiest amphibious operation in

history, many military men feel

sure of one thing—mankind will

never see another one like it.

The spectacle of massed navies,

bombarding a foreign shore as

they unleashed thousands of at-

tacking troops, is probably a thing

of the past. It is almost as out-

moded as a clash between knights

on horseback.

The amphibious operation is one

of the oldest forms of warfare, as

old as the first war came that

laded behind a surprised enemy.

It is also one of the most

imaginative and difficult of ma-

neuevers to execute. It is always

a titanic gamble, made perilous

by hidden reefs and the whims of

wind and weather.

When an amphibious operation

succeeds, it often succeeds bril-

liantly. But when it fails, it is

often an irretrievable disaster.

The best known example of an

amphibious landing that failed is,

of course, the dismal fate of "the

invincible armada" of Spain.

In 1588 proud Philip II sent 130

ships to humble upstart Britain.

They carried 7,000 sailors and 17-

000 troops.

The British weren't quite the

underdogs they have sometimes

been made out to be. They en-

gaged the Spanish armada with

197 ships, although many were

small vessels. But they had su-

perior seamanship, fought at long

range, and were better organized

than the loosely-knit Spanish.

After a series of disastrous bat-

tles and storms, only 54 ships of

the armada were able to reach

downhill as a naval power. The

whole operation had been poorly

planned.

The Normandy landing will per-

haps go down in the textbooks as

the classic example of a success-

ful amphibious operation.

Just 12 years ago this morning,

after being postponed 24 anxious

hours because of bad weather, it

happened. The English Channel

was speckled with hundreds upon

hundreds of converging ships car-

rying scores of thousands of bat-

tle-clad soldiers. The sky

swarmed and thundered with

planes that came and went and

came and went again and fire

flamed and blood flowed on

beaches called Omaha and Utah.

The Allied operation succeeded

so well that 26 days later Gen-

eral Eisenhower's command had

put ashore a million men, 566,648

tons of supplies and 171,532 vehi-

cles. It had suffered 60,770 casu-

alties—the attacker usually pays

higher initially—and taken 41,000

prisoners, and the German doom

began.

Today could such an operation

succeed? Hardly. Assuming an

enemy had the H-bomb, the mass-

ing of fleets to support a major

landings would be suicidal. A few

well placed hell bombs would

turn any massed navy into debris.

In Hollywood

By BOB THOMAS

HOLLYWOOD (AP)—Fess Parker, a man of well-chosen words, says he was "very favorably impressed" with the foreign dolls he met on his recent European tour.

This may come as a blow to American girls, since Fess is one of the most eligible males in Hollywood, but the lanky Texan was high in his praise of women he met abroad.

"They say that American women are the best groomed in the world," said Fess, "and it's probably true. The European girls do not have the financial or educational advantages that girls in this country do. But they make up for it by doing the most with what they have. English women are supposed to be cold and distant. I didn't get that impression at all. I found them to be very friendly."

He said he plans to return to Europe "as soon as possible." He opined that he thought it better to satisfy his wanderlust before abandoning his bachelorhood.

When he'll be able to get back to Europe is a question. His boss, Walt Disney, has kept Fess working almost steadily for the 21 months he has been under contract. He leaves this week for the Atlanta, Ga., premiere of "The Great Locomotive Chase" and Walt expects to have another picture buzzing for his star this summer.

Experts Advise On Problem Of Mailmen Vs. Dogs

WASHINGTON (AP)—The Post Office Department had expert advice today on how to improve relations between letter carriers and the dogs they meet on their rounds.

A group of authorities on dogs met here Tuesday at the call of Postmaster General Summerfield. They agreed unanimously to set behind a program of education for dog owners and mailmen, designed to reduce dog attacks on carriers.

The experts expressed the view that neither chemical repellents nor carrier uniforms, nor distribution of dog candy by mailmen, with which the department is experimenting, would provide any lasting solution.

Summerfield, who also is trying out padded pants on some carriers, told the gathering that if the campaign can develop better relationships between dogs and mailmen, hundreds of businesses employing delivery services will benefit.

"There is little room for levity or humor in dog-bite injuries," he said.

In 1955, 5,880 dog bite cases were reported in the Postal Service.

Nominations Open For State 'Nurse Of Year'

Nominations for the Illinois State Nurses' association "Nurse of the Year" award, to be given for the first time this year, may be made by anyone, Frances L. A. Powell, R.N., president, said, in outlining the nominating procedure, eligibility requirements and deadline for entries.

Official nomination blanks may be obtained by writing to Ruth Hemp, 1321 W. Glenn ave., Springfield.

Each nominee will be judged on her qualities as a "good nurse" in her daily activities. In addition, the outstanding nursing service which is the basis of her nomination will be considered in terms of its impact on the community, the extent to which it has added to the status of nurses and nursing in the community, and its continuing benefit to the community or the standing of the nursing profession in the community.

The nominations must be made on official nominating blanks. The completed entries and all supporting material to be considered by the judges must be postmarked not later than midnight, July 15, 1956.

Fourteen awards will be made in two categories. An award will be made in each of the 13 districts of ISNA throughout the state. One nurse from among these winners will be chosen as "ISNA Nurse of the Year for 1956."

The winners will be determined by a panel of five impartial judges, each ISNA district having its own panel. A state panel will consider the final award.

Miss Powell said the district awards will be announced by Sept. 15 and the state winner will be announced in October at the ISNA state convention in Chicago.

South Illinois To Popularize Tourist Features

CARBONDALE, Ill. (AP)—An official of an association promoting Missouri's most popular vacation spot says southern Illinois has "great potential" as a tourist center.

"The area has much the same resources as Missouri which had a 275 million dollar tourist business last year," R. J. Shadnagle, executive director of the Lake of the Ozarks Assn., told a meeting at Carbondale Tuesday.

About 100 persons representing 31 southern Illinois counties attended the meeting. The group formed a tourist promotion organization and named 10 directors.

They are Gene Comte of Murphysboro, Harold Wolf, East St. Louis, R. L. Hessler, Vandalia, Harry Weeks, Cairo, Jack Lewis, Anna Keith Coleman, Mount Carmel, R. A. Bonfield, West Frankfort, George Sherrer, Shawneetown, and William Freeburg and John Barnes, both of Southern Illinois University.

I. C. Professor Campbell Resigns

The resignation of Dr. Cloyce Campbell, professor of economics at Illinois College, was announced Wednesday by President L. Vernon Caine. Dr. Campbell will accept a position in the Economics Department at Eau Claire State Teachers College in Wisconsin.

Dr. Campbell came to Illinois College in 1950 and was granted a leave of absence in January 1951 to enter military service, returning to the campus again in September 1952. While on the campus, Dr. Campbell was faculty sponsor and coach of the Illinois College rifle team. He also holds the rank of Captain in the Army Reserve and the 958th Engineer Topographic Reserve Company established on the campus in December is under his command.

MAIL DESTROYED BY BLAZE IN BAGGAGE CAR OF GM&O TRAIN

BLOOMINGTON, Ill. (AP)—Several hundred pounds of mail were destroyed by fire in the baggage car of a Gulf, Mobile and Ohio Railroad train late Tuesday night. No one was injured.

The mail was all second, third and fourth class matter on the Chicago-to-St. Louis train.

The baggage car was taken from the train and placed on a side track so that Bloomington firemen could extinguish the blaze. Damage was undetermined and the cause of the fire was unknown.

St. Louis Resident Gives College \$13,000

Dr. Louis W. Norris, president of MacMurray College, announced Wednesday that the college has received a gift of \$13,000 from an alumna trustee of the college. The donor is Mrs. Isaac H. Orr of the class of 1913, who resides in St. Louis, Missouri.

Mrs. Orr designated that the money shall be used for the purpose of refurbishing the Music Hall Auditorium on the campus. This means that it will be possible to install auditorium new seats, new flooring on the first floor, and redecorate the entire auditorium. This will include remodeling of the stage, Dr. Norris said.

A bequest has been received by MacMurray from the estate of Dr. Gladys Leavell of the class of 1911, in the amount of \$4,081.50; and also a bequest of \$2,500 from Mrs. Dale Clark from Omaha, Nebraska. These bequests will be used for scholarships in honor of the donors.

MacMurray also recently received a grant of \$25,000 from the Field Foundation in support of its program in Special Education. This grant, the third which the Field Foundation has made to MacMurray, brings its support of this program to a total of \$66,500.

Designated and undesignated gifts to the Alumnae Loyalty Fund have now reached a total of \$74,303.34 in cash and pledges from MacMurray alumnae.

Marvel Lovekamp Of Arenzville Is Bride

ARENZVILLE—Miss Marvel M. Lovekamp, daughter of Mr. and Mrs. Edwin C. Lovekamp of Arenzville became the bride of Gerald A. Gardner, Jr., son of Mr. and Mrs. Gerald A. Gardner, Sr., of Beardstown, in a wedding performed Sunday, June 3, at the First Methodist church in Beardstown.

The Rev. Boyd L. Rudd, pastor of the church, performed the double ring ceremony at 4:30 o'clock before the church altar decorated with white gladioli, ferns and lighted candelabra.

Mrs. Charles Hobrock, friend of the couple, served as organist and played several organ selections and the wedding marches. She also accompanied Miss Eileen Brasell of Arenzville, classmate of the bride, who sang, "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride was dressed in a princess style street length dress of white eyelet featuring a bouffant skirt and an empire waistline. She wore a pill-box hat and her accessories were white. She carried a white orchid on a white prayer book covered with white lace. Her jewelry included a pin from her great-great-grandmother and earrings from the bridegroom.

Miss Kathleen Ruppel of rural route, Beardstown, classmate of the bride, was the bride's only attendant. She was dressed in a princess style street length dress of blue taffeta and her accessories were white. Her flowers were prepared in a nosegay of pink carnations.

Merle Brooks of Beardstown, friend of the groom, served as the groom's attendant. Ushers were Fred Wedeking of Beardstown, friend of the groom and Carroll Lovekamp of Arenzville, cousin of the bride.

For her daughter's wedding, Mrs. Lovekamp was dressed in a nylon dress of red and black print on white background. Her accessories were white and she wore a corsage of red roses and white daisies.

Mrs. Gardner, mother of the groom, was dressed in a beige linen dress with black accessories and her corsage was of red roses and white daisies.

Following a short wedding trip the couple returned to 1406 Bay street in Beardstown where they will reside.

The bride graduated from Arenzville high school with the class of 1956.

The groom graduated from Beardstown high school with the class of 1954, attended the University of Illinois and is now employed by the Allis-Chalmers Manufacturing Company in Springfield.

Out of town guests at the wedding were Mr. and Mrs. Dave Gordon of Raymond, Kan.; Mr. and Mrs. George D. Scheer and family of Great Lakes, Ill.; Mr. and Mrs. J. D. Daniels of Decatur; Mr. and Mrs. Elmer Lovekamp and family of Edina, Mo. and several friends and relatives from the Arenzville community.

Civic Music Is Making Plans For 1956-57

A planning group for the Jacksonville-MacMurray Civic Music Association met Monday night on the MacMurray College campus to launch plans for the coming 1956-57 season.

Discussions centered around possible artist attractions for the coming season and plans for recruitment of members.

Roy Williams, representing the Civic Music Association of New York City, presented literature and suggestions on available programs.

The president of the local association, Wilbur Kurtz, presided at the meeting. Other members present were Mrs. F. J. Ferry and Mrs. Nell Wandell, co-chairmen for the membership campaign; Mrs. W. R. Bellatti, Mrs. Dennie Pierson, Professor Joseph Cleeland, Professor Hugh Beggs, Dr. Louis W. Norris, Mrs. Wendell S. D'Singer, and Dr. Ralph Robbins.

There were 10 deaths for every billion passenger miles of domestic scheduled airline operation in 1955.

If you're saving for a big event...

Where you save does make a difference

Big events like weddings are worth saving for. And as over 15 million Americans know, saving in an insured Savings and Loan Association offers important advantages. Excellent returns from your money is one advantage.

Another is modern, efficient, forward-looking service.

And, of course, your money is safe because in insured Associations your savings are protected by sound management and substantial reserves. They are insured up to \$10,000 by the FSILIC — an agency of the U.S. Government.

These are the reasons why Americans are putting more of their savings account dollars into insured Savings and Loan Associations than anywhere else!

Whatever event you're saving for, start right now to enjoy the worthwhile advantages offered by your nearby insured Association.

Female Groundhog Named "Oscar" Charms Her Foster Parents

By Arthur Thatcher
 JERSEYVILLE—A Jerseyville man and his wife have little or no use for an alarm clock to encourage their early rising. Promptly at 5 a.m. a ground hog comes into their bedroom, jumps onto the bed and proceeds to awaken them.

The local couple, Mr. and Mrs. Robert Crotchett, have owned the ground hog since she was a small puppy. Although a female of the species, the woodchuck bears the name of Oscar.

The story of Oscar and his or rather her deeds could be an extensive one. The groundhog, which in Jersey County has a bounty of twenty-five cents on its scalp, was found during the early mushroom season in a woods by Arnold Crotchett.

Oscar was only a few weeks old and appeared to be on the border of eternity from malnutrition and lack of food when found by Arnold Crotchett. The man took the puppy home with him and gave the little animal to his daughter-in-law, Mrs. Robert (Gail) Crotchett. Mrs. Crotchett is employed as secretary in the office of State's Attorney Claude J. Davis of Jerseyville at the courthouse in this city.

Mrs. Crotchett brought Oscar home with her and purchased a nursing bottle and plastic nipple to begin feeding the ground hog milk. Oscar came out of her weakened state quite rapidly. There was only one drawback to her early girlhood. Every morning at one-thirty o'clock, she awakened the same as any other infant and wanted her bottle of milk. Instead of crying, she would begin giving a typical ground hog whistle. Any old woodsman of Illinois can explain this whistle to you.

At the early morning whistle, Mrs. Crotchett would get up and give Oscar her bottle. Then Oscar would return to sleep in her box in a closet of the Crotchett apartment in this city.

This particular closet is the spot where Oscar always seeks security and safety from all strangers who may come to the Crotchett home. Parties who have endeavored to obtain photographs of Oscar are handicapped by her shyness, for she immediately flees to her box in the closet at the sound of strange voices and footsteps.

Knows Feeding Time

After growing out of the baby stage, Oscar no longer whistled for milk at one a.m., but adopted the routine of rising each morning at 5 a.m. Once awake, she leaves the closet and goes to the apartment bedroom where she leaps on top of the sleeping occupant of the bed. There she cavors until everyone is awake.

"Oscar is as playful as a dog or cat," stated Mrs. Crotchett. "There is one drawback Oscar is hard to stop. She just keeps coming regardless of how you slap her to keep her under control."

Oscar knows where the stove and the refrigerator are. When hunger strikes or meal time approaches, she goes to the refrigerator and sits up until served with some crisp lettuce, celery, carrot or other vegetable. She takes the food in one of her hand-like forefeet and devours it with much gusto.

What to do with Oscar is rapidly becoming a problem. She has started to know at the chair legs in the fashion of her kind for cutting at wood pieces to keep the teeth down to proper condition.

Mrs. Crotchett stated she planned to release Oscar on her farm near the northeastern edge of Jerseyville. For the present, however, she plans to keep the groundhog as a pet for a few more weeks.

AIR CONDITIONING

Avoid future expense and disappointment. Don't add an air conditioning unit until you're certain that you have sufficient wiring to handle the additional load. Have your wiring checked first, and add the wiring you may need.

Even if your home is brand new, you may not have adequate circuits or large enough wires for air conditioning. The additional demands can over-load your present electric system, so that your new unit does not work at all, or it slows down and lessens the efficiency of your other appliances.

Before you install air conditioning, remember:

• You need a three-wire service into your home.

• If the unit is 3/4 H.P. (3/4 ton) or larger — be sure it is designed for 230 volt operation.

• Install a separate electric circuit, of properly sized wire, from the switchbox to each convenience outlet where an air conditioning unit is to be plugged in.

To enjoy the full benefits of air conditioning and to save money later, get the additional wiring you need now. Ask us for information, or speak to your electrical contractor about the additional wiring your home may require.

A Navy veteran, Mr. Stroud has been studying voice at Orange College, Costa Mesa, Calif., where he will resume studies next Sept. He has been soloist with the college orchestra, and has sung the leading role in the schools production of "Kismet," which will be one of Muny Opera's presentations this summer. He also has appeared on "Calvacade of Stars" in San Jose, Calif.

Mr. Stroud was discharged from the United States Navy last August after four years service. He has received a citation from the American Veteran's for "exceptional and meritorious service" in the entertainment of disabled veterans.

His Navy service included 15 months on the Bon Homme Aircraft Carrier, two years at Moffitt Field, Calif., and nine months aboard the Destroyer Taussig.

Part of his earlier schooling was spent in Jacksonville where he attended Lafayette school.

Sportsmen Meet At Davis Switch Clubhouse May 15

The Jacksonville Sportsmen Club, chapter of the Federation of Sportsmen Clubs, held its monthly meeting in its clubhouse at Davis Switch Pond Tuesday, May 15, with Dr. Peters presiding.

A ham and bean supper was served to those in attendance by Patterson, Goodrich and Andrews.

Fred Spaulding reported that the Thursday night trap shoots have been well attended and that the club will continue having them every Thursday through out the summer and fall.

Floyd Throver reported that a goodly number of large bass have been taken from the pond, as well as crappie and cats. Major Servais told that he and his wife caught over 80 blue gills in one evening.

Virgil Gibbs reported that the club is prepared to receive the first batch of quail, which will arrive some time in early June.

Alfred Enke reported that many new members have joined the club since the last meeting and that many more have made application to join.

Herschel Hickey was appointed chairman of a committee to investigate the advisability and cost of raising pheasants for release in Morgan County.

The next meeting will be held June 19, at the same location.

4-H Club Activities

The Chapin Top Notchers 4-H club opened its meeting of May 29 with the members repeating the pledge of allegiance to the flag led by Sharon Surratt. The pledge was followed by the group singing the "Battle Hymn of the Republic."

The possibility of a professional food demonstration and the food sale and bazaar were discussed. It was decided that all meetings would be held every Wednesday at 2:30 p.m. (CST) for the rest of the club year.

The program consisted of talks and demonstrations, "Basic Rules of Freezing," Carol Anderson; "Maurice Utrillo," Janet Schumacher; "Pie Time," Sandra Aufdenkamp.

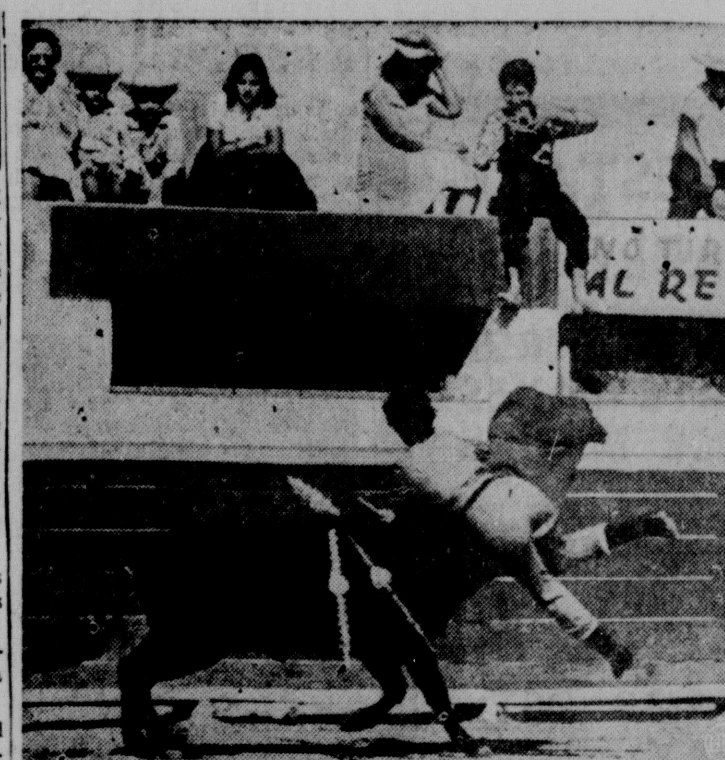

The recreation period was led by Martha Thomason. The members then read and studied from the pamphlet, "Safety On Wheels."

Refreshments were served by Laura Mueller and Phyllis Wilder.

CENTS AND NONSENSE

WHEELING, W. Va. (AP)—Her- man Levite probably is in full agreement that a recommended educational training program for city police here should begin immediately.

Levite put a dime in a "nickels only" meter while parking his car, but realized his mistake immediately and left an explanatory note under his windshield. When he returned, Levite found a familiar blue parking ticket beside his note. A policeman had written: "knickles only, sir."

SHE GETS A HEAD—Bullfighter Bette Ford goes for an unwanted ride on the bull's head as she has a narrow escape from being tossed and gored in the ring at Nogales, Mexico. Bette killed two bulls during the afternoon, but was tossed by both of them several times before the kill.

Baseball on the Boulevard —

Folks in Pittsburgh, Pa., get a big kick out of Traffic Officer John Zurick, who works a busy downtown intersection. He is famous for his dramatic gestures as he keeps traffic flowing smoothly. His enthusiastic motions suggest, at various times, a ballet dancer, a third-base coach, a baseball umpire and a boxing referee. Officer Zurick, a nine-year traffic duty veteran, formerly played baseball, basketball and boxed a little. Maybe that explains the sports angle of his traffic direction. Below, the candid camera catches his "baseball" routines.

ACT ONE: The third-base coach —

COME ON IN!

OOPS! HOLD IT!

RUN DOWN—AND OUT.

ACT TWO: The umpire —

HE'S OUT.

A CLOSE ONE.

Glasgow Resident Among 41 Present At Class Reunion

GLASGOW — Mrs. Gertrude Evans of near Glasgow attended a class reunion of a Detroit (Pike County) Sunday school class, of which she was in earlier years a member. The event was held on Monday, May 28, at the home of Mrs. Clarence Williams, west of Detroit, and was attended by a total of 41 class members.

A feature of the event was the celebration of the birthdays of eight of the class members, all occurring on this date. Features of the bountiful dinner served those present were the two big four-tiered birthday cakes.

Mrs. Evans was a member of the class in earlier years, when she was a resident of that vicinity. Before marriage she was Miss Gertrude Rush. At that time the class had a membership of 30, but has steadily grown until the class now has 48 regular members.

Only five members are deceased since Mrs. Evans was an active member of the class. Those present at the reunion included Minnie Hall, Ruby Price, Sybil Evans, Frances Reel, Erma Maynard, Eva Augustine, Ada Smith, Agnes Rush, Leta Whalen, Helen Kiser, Madge Sloan, Norma Ellis, Ethel Deemer, Lena

Ellis, Clara Williams, Eva Sneed, Anna Sneed, Florine Fuetch, Ruth Castee, Irene Denison, Sylvia Weaver, Gladys Baigent, Ann Mesong, Pearl Dealey, Pearl Sanderson, Mrs. Clay Bollman, Margaret Leahr, Myra Leahr, Hilda Dunham, Dale Bollman, Laura Hammit, Leona Dinmore, Grace Hughes, Lora Weeks, Gertrude Evans, Virginia Redman, Margaret Sanderson, Pearl Bollman, Mrs. Waite and Lela Williams, the hostess.

Loren L. Mueller, 3 Students Leave For Mexican Tour

Loren L. Mueller of 1 Havendale drive, Jacksonville, a teacher in Virginia Community High School, and three of his students left this city Sunday for a tour of the American southwest and Mexico. They'll be gone about a month.

The students are Gary Sweatman, Richard Hackman and Robert Jokisch, all of the Virginia community. The jaunt is their first trip south of the border; Mueller visited Mexico in 1948. During the tour, the four will visit Guaymas, Mazatlan, Taxco (the silver city) and Acapulco, Mexico. Tours of the pyramids at San Juan Teotihuacan, the Borda gardens at Cuernavaca and the floating gardens at Xochimilco are also on the agenda.

Schuyler-Brown Home Bureau Tea Thursday, June 7

MT. STERLING — The annual June tea of the Schuyler-Brown county Home Bureau will be held at 2 p.m. (CST) Thursday, June 7, in the gymnasium of the north grade school here.

New Home Bureau members will be guests of honor, and each will receive a corsage.

The program will include modeling of straw hats and purses made by members and an address by Mrs. Alvahlee McCarthy of Jacksonville on "Your Table Beautiful."

Mrs. McCarthy will illustrate her talk with crystal and silver from foreign lands.

Set Wedding Date Mr. and Mrs. Benjamin Penningroth of Tipton, Iowa, recently announced that their daughter, Darlene, will wed Daniel Demaree of Rushville Sunday, June 17, at 2 p.m. in the Tipton Methodist Church. Miss Darlene Penningroth is the Schuyler-Brown home advisor.

ASHLAND AUXILIARY SUPPER SATURDAY The Ashland American Legion Auxiliary will serve a smorgasbord supper in the Legion home Saturday, June 9. Food will be served from 5:30 to 8 p.m. (DST); the public is invited.

The United States produces only about 2 per cent of the free world's supply of nickel.

Dr. Vedder, Wife Of Carrollton Wed 50 Years

CARROLLTON—Dr. and Mrs. N. D. Vedder of this city will celebrate their 50th wedding anniversary with Open House at their residence on North Main street Wednesday, June 6 from 7:30 to 9:30 p.m. Dr. and Mrs. Vedder request that no gifts be brought by their guests.

Dr. Vedder, son of the late Mr. and Mrs. S. L. Vedder and Miss Edna Rumrill were married Wednesday morning, June 6, 1906 at the home of the bride's parents, the late Mr. and Mrs. Edward Rumrill. The ceremony was performed by the bride's uncle the late Rev. William Landis of Warrensburg. Following their marriage Dr. and Mrs. Vedder made their home in this city where they have since resided.

Both are members of the local Presbyterian church and are active in their church life as well as in the life of their community. Dr. Vedder is a former mayor of the city of Carrollton and a former president of the Madison District Dental Society and is also a past president of the Illinois Dental Society.

Dr. and Mrs. Vedder were honored at a dinner April 12, 1956 at the annual spring meeting of the Madison District Dental Society at the Mineral Springs Hotel in Alton and Dr. Vedder was presented a plaque for his many contributions to dentistry. He maintains his dental office in the Hodges Building on the north side of the city square and is in his office daily. He is also a charter member of the local Lions Club. Mrs. Vedder in addition to her church affiliations is a member of the L.M.I., the East End Reading Circle, Chapter DK of the P.E.O. and has been a member over 50 years of Temple Chapter of the order of the Eastern Star.

Dr. and Mrs. Vedder are the parents of two sons, Herbert of Seattle, Wash. and Neil D. of Toledo, Ohio. They also have three grandchildren. Both of their sons and their families will be here this week for the 50th wedding anniversary of their parents.

'STEEL COBWEB' STRENGTHENS IRON CURTAIN—

Declaration by Hungary's Communist government that it is dismantling the Iron Curtain along the Austrian frontier is a deception, according to confidential reports to Radio Free Europe from Vienna. True, the Reds are removing barbed wire entanglements and watch towers and digging up mines in areas near railroad lines. But that, say the reports, is merely to mislead railroad travelers. Actually, the Communists are believed to be building their new "Steel Cobweb" some distance farther from the border, thus making it more formidable as an invisible death trap for fugitives from the Red regime. Diagram below shows why.

To the refugee in the artist's conception above, escape from Communist Hungary into free Austria is easy with the aid of his wire cutters. In reality, he faces a diabolical escape trap, as shown in diagram at right. The refugee (1) needs more than wire cutters (2) to get past the new-style Iron Curtain. He must beware trap (3) consisting of trip wires 11 inches off ground, set on collapsible posts to prevent jumping from one to another. They are attached to flares and bells, which alert guards in towers (4). If refugee manages to escape trap, plowed-and-mined area (5) will hold footprints and lead guards to victim at electrified barbed wire barrier (6) where, unless his wire cutters are insulated, his dash for freedom ends.

Ruth Johnson, Jack Smock Wed In Roodhouse

ROODHOUSE—In a double ring ceremony, Ruth Johnson, daughter of Mr. and Mrs. Lewis Johnson, and Jack Smock, son of Mr. and Mrs. Claude Smock, were united in marriage Tuesday evening, May 29, at the Christian Church by the Rev. Ralph Coleman.

Serving as maid of honor was Janet Young and Robert Klingele, cousin of the groom, served as best man. Ushers were Wayne Smock, brother of the groom, and Daniel Ballard. Presiding at the organ and playing the wedding march was Mrs. Arthur T. Broche.

Given in marriage by her father, the bride wore a yellow linen suit with white accessories and carried a white Bible with gardenias and long satin streamers. The maid of honor chose a rust colored linen suit and carried a nosegay of yellow flowers.

Ferns and garden flowers formed the setting for the wedding in the church. A reception followed the ceremony for the bride's party at the home of the bride's parents.

After a short honeymoon, the couple will be at home in Springfield where the groom is employed at the G. M. and O. Railroad, and the bride at the Franklin Life Insurance Co. Both are graduates of the Roodhouse high school.

HIGH CORN YIELD

AMES, Iowa (AP)—Iowa's 1955 Corn Yield Test averaged 85.7 bushels per acre for all the plots harvested, a current summary of the data indicates. This is five bushels higher than the average of the 16 years of hybrid corn testing. Four of the 12 districts in the state averaged more than 100 bushels an acre. The tests are designed to compare various hybrids grown in Iowa.

BARKLEY SUPPLEMENT

ROUTE OF NORTHERN ILLINOIS TOLL HIGHWAY

Here are 193 miles of modern toll highways soon to be constructed by the Illinois Toll Highway Commission. The self-financing project consists of three routes. The Tri-State Tollway, 80.2 miles in length, starts at 171st and Stony Island avenue on Chicago's south side, and moves through and around the Chicago metropolitan area to connect with route 41 just south of the Wisconsin line. The 88.4 mile North Illinois Tollway begins at route 51 south of South Beloit, crosses the Fox river north of Elgin, and connects with the Northwest Expressway at Edens Highway in

the vicinity of Cicero and Montrose avenues. The East-West Tollway is a continuation of the Congress Street Expressway, merging with route 30 west of Aurora. The toll-ways, with no grade crossings, intersections, or traffic lights, permit a free flow of traffic without interruption other than for toll barriers. The 193-mile highway is financed by revenue bonds which are retired from the tolls collected. All three routes are scheduled to be opened to the public by 1959.

EARN SCHOLASTIC HONORS

Scholastic honors were announced at the Franklin High School Commencement exercises held last Friday, evening, June 1.

Cloda Jean Rolston, daughter of Mr. and Mrs. Wayne M. Rolston, was named Valedictorian. Miss Rolston has been very active in extra class activities. She has participated for four years in vocal and instrumental music, opera, and F.H.A. and served as Sectional F.H.A. Public Relations Chairman her junior and senior years. She has been a member of the yearbook staff for three years, serving as co-editor this year. She has been in two school plays, served as a member of the Prom Court her junior year and vice-president of the senior class. She has been a member of the G.A.A., Science Club, and Pep Club.

Miss Rolston will attend school this fall at Western in Macomb.

Kay Frances Whitlock, daughter of Mr. and Mrs. Harry L. Whitlock, was named Salutatorian of her class. Miss Whitlock, also, has been most active in extra class activities. She has participated for four years in vocal and instrumental music, F.H.A. and school operettas. In F.H.A. she has held the offices of Public Relations chairman, assistant historian, and parliamentarian. She has been a member of the Pep Club, served two years on the Year Book staff, two years with the G.A.A. and been in two school plays. She was secretary of her class her freshman year and president her sophomore year. Miss Whitlock served as Varsity Cheer Leader her junior and senior years, was Homecoming Queen her junior year, and this year was given the high school American Legion Award.

Miss Whitlock will enter Macomb Teachers College this fall.

INSTALL NEW BAND BOOSTERS OFFICERS AT CARROLLTON

CARROLLTON — Mrs. Ernest Martin, Carrollton, was installed as president of the Band Boosters' Club of the Carrollton Community Unit District 1 at the final meeting of the year which was held Friday evening in the school.

The retiring president is Mrs. Kenneth Ross, Carrollton. Other officers installed were Leslie Platt, Eldred, vice president; Martin Davidson, Carrollton, secretary and Mrs. W. L. Carpunky, Carrollton, treasurer.

A musical program was given Friday evening by the newly or-

ganized dance band directed by Miss Val Berry of the school faculty. The members of the dance band are Miss Diane Journey, Barclay Bolron, Miss Sandra Riechmann, Miss Bonnie Turpin, Ronald Carter, Jerry Farrow, Truman Ross, Miss Becky Reif, Gene Ostermann and Miss Joyce Helton. This was the first appearance of the dance band and they expect to play for dances next winter.

COLLECTION REPORT

ST. PETERSBURG, Fla. (AP) — The St. Petersburg Independent says one taxpayer claimed a refund of \$200 when he filed his 1954 federal income tax return but did not get it.

So when he filed his return for 1955 he listed the \$200 as a bad debt.

In practically no time at all, he got his \$200 and a letter of apology for the delay.

SPACE MAN LAGS

WINNIPEG (AP) — The man from Mars can't hold a candle to the western cowboy when readers pick books from the city library. Books about spacemen caught on for a time, says chief librarian A. F. Jamieson. "But the western is right back on top and will always be with us."

PRINTING CONTRAST

ASHTON, Idaho (AP) — Ralph Hunter, editor of the Ashton Herald, received a letter from Heber Hartvigsen of the San Diego Union, who published the first newspaper in Ashton. Hartvigsen wrote that the Union's new presses could turn out 52,500 copies of a 96-page newspaper in an hour.

Hunter made some computations and wrote back that at that rate, one edition of the weekly Herald could keep the Union's presses humming for exactly three and one-third seconds.

Envelope Dropped At Robbery Scene Leads To Capture

CHICAGO (U)—An envelope dropped at the scene of a robbery led police today to a 23-year-old man, whom they shot and captured.

The envelope, bearing the name and address of John Ivan, was dropped by a man who was running away from police at a saloon where two men had robbed Mrs. Genevieve Narcut, 40, of \$44 and two bottles of whiskey.

Detectives Harry Lance and Joseph Frain went to the Ivan apartment and waited there with Ivan's sister, Mrs. Olga Rose. Ivan arrived at the flat with Robert Yonkers, 21. Ivan peered inside, saw the policemen and ran despite his sister's plea to surrender.

Lance fired three warning shots, then hit Ivan in the arm, shoulder, and leg. Yonkers drove away and was captured later.

The detectives said both men told them they had robbed Mrs. Narcut. They were held without charge.

REV. MARSTON WILL RETURN SUNDAY FOR REGULAR SERVICES

Rev. Frank Marston, minister of Grace Methodist church, will return from the site of the annual conference at Bloomington, to conduct the morning worship service, next Sunday at 10:45 o'clock. His subject will be "The Restoration of the Soul."

Music will be furnished by a chorus of young people, composed of Mary Ellen Covey, Barbara Hitt, Barbara Dunlap, Joyce Samples, Linda Lowe, Carol Ann Hess, Jerre Samples, Palmer Woods, John Carson, Eddie Standley, Bill Hitt, David Hembrough and Bud Tarnhart, with Mrs. G. O. Webster, organist and director.

Preceding the service, children's day exercises will be held during the opening session of the church school at 9:30 o'clock.

Police Pension Suit Dismissed

A suit of Arthur Lee Woods et al. against the Jacksonville Police Pension Board, by which the plaintiffs sought to collect various sums they paid into the police pension fund, was dismissed Wednesday morning by Judge Clem Smith in Morgan county circuit court.

Dismissal of the suit came on a motion by the defendant.

Plaintiffs in the suit included Jack Gunterman, Earl Hutson, Homer Nunes, Harold Spencer and James McManus, all former members of the police department.

The plaintiffs served on the department at a time there was no provision in the pension law for refunds. The pension law since has been revised.

PROMINENT DRUGGIST DIES

KEWANEE, Ill. (U)—Ernest D. Hirschy, 64, a druggist in Kewanee for 35 years, died Tuesday night. He was a former president of the Illinois Pharmaceutical Assn.

While he was subconsciously considering how fast Emmett would prove with a gun. The man had been a sleek cat leaping into Juan's kitchen.

Then Emmett's hand streaked after his gun.

Emmett stopped his movement, a faint disbelief etching itself onto his corded features. His gaze swung from the gun in Frank's hand to Frank.

"Never draw a gun," Emmett uttered with dead sarcasm, "unless you mean to use it."

Frank let his eyes remain on Emmett until the other's gaze faltered. "I owed you something. It's paid now, Emmett. The game's square."

"Square. But we'll meet soon, friend."

RAFTER C lay in hardrock country. It was good country for a horse spread.

Frank rode down a rutted wagon lane with the setting sun fully in his face. It was a clean layout, with a log house beneath the yawning canyon rim. There were sheds and a bunkhouse across the lane, holding pens and a corral at the near edge of a knee-deep meadow. Frank noted the square breaking pen with considerable curiosity. It was a period when horse breakers used a round pen. Frank had never seen a square pen in operation.

Riding in, Frank wondered who topped off broncs for Jean. He heard a welcoming yell from the corral and let his eyes fall on an old man waving atop the slab fence. Even as he clung to the fence his bowed legs were particularly noticeable, and his creased, sun-tanned face and ragged white hair made him look considerably older than he probably was.

Frank quit saddle, leaving the chestnut ground tethered beside a pair of magnificent blacks, and climbed the slab fence. What- ever else Rafter C seemed to lack, they had the horseflesh. The old man on the fence parted a drooping mustache with his hand and spat a fat tobacco stream. "Been lookin' for you. Have trouble findin' the place?"

(To Be Continued)

THE STORY: In order to keep Frank alive on his side, Emmett Cash shoots a horse from under a horseman pursuing them both. Emmett knows Frank may be blamed for the shot. Emmett's revenge is to let Jean, brother of Jean Cash, owner of the Rafter C, Emmett eludes the ranch is his. Jean has offered Frank a job.

XIV

THEY worked over the ledge leading their horses. The ledge was not wide. Six feet at its limit, three at the narrow portions. At the far end Emmett climbed into his saddle and worked out a faint animal run that led them over the canyon's wall.

"About Jonathan Yates. He's in Cashtown, all right. But they'll never find him. Lily Arnette's taking good care of that."

The words pulled Frank's gaze around. "Lily works at the Alhambra."

"Sure, but she's not Norring's woman. She's like I am—wise to milk each day dry. We both collect the things we want."

"She sounds as though she might be your woman."

Emmett let a moment slide, eyes smiling. "She was Rambaut's woman. That's why she'll go out of her way to help my bunch. That's why she'll be after you one of these times. She'll want you because she knows you were close to Ed. Women are—funny that way."

Frank recalled the two times she had smiled at him, promising him more than he was able to understand. He was inclined to agree with Emmett this once. He thought again he might be able to make some deal with Lily. A little information about Ed Rambaut in exchange for her talk of Vogel Cash, about Jean and Emmett's bulky features. All this

Surgery Changes Child From Brat To Cheerful Girl

CHICAGO (U)—An operation has transformed a little girl from a "brat" to a cheerful child.

Doctors, in making the switch, removed half her brain.

Surgeons at Wesley Memorial Hospital described the case at a news conference. They said the unnamed 6-year-old blonde youngster had sleeping sickness at the age of 1. Her left side was affected by partial paralysis.

She became a "brat," mistreated others, shouted at her mother and destroyed toys. She suffered 10 to 12 convulsions each day. She was taken out of school because of her ugly behavior and taken to Wesley Hospital.

Medical investigators decided that half her brain was responsible for her behavior. Tests showed the right half of the brain and skull had failed to grow.

So, in a 4-hour, 35-minute operation May 14, the right half of the brain was removed. Generally, the right half of the brain controls the left side of the body.

Now, the doctors reported, the healthy side of the brain is taking over additional functions, and the child's senses are as acute as before the operation.

Partial paralysis still is apparent, they said, but improvement is expected with the passage of time. She has no more convulsions, they added, but does have a new personality.

The girl was described as pretty, cooperative and cheerful, and of normal intelligence.

Her parents plan to send her back to school this fall in their northern Indiana.

LIFTER OVERDOES JOB

ST. LOUIS (U)—It was Kenneth Dobler's job to lift things at the warehouse.

Detective Sgt. Emmett Hahn said Dobler, a fork-lift operator at Sears, Roebuck & Co., has admitted "lifting" about \$6,000 of things there since 1949.

Sgt. Hahn said the stolen goods included a furnace, a 30-gallon water heater, a 300-gallon septic tank, an electric range, copper tubing, soil pipe, fire brick, wall cabinets and 42 bundles of asphalt shingles.

Sgt. Hahn said Dobler recently finished a new house and he took a power mower home Monday.

Dobler was charged with theft of the \$59 mower.

Harry Grayson's SCOREBOARD

By HARRY GRAYSON
NEA Sports Editor

NEW YORK (NEA)—Talk that the Giants will quit Harlem for the new stadium in Minneapolis persists. The Giants have shown little early foot. People just don't seem to care about visiting the Polo Grounds anymore.

"It looks like a long, hard summer here," says a top official of the New York Nationals.

The proposed new stadium on Manhattan's upper west side is still in the talking stage.

The switch to Minneapolis could be expedited by the fact that Horace Stoneham owns the Millers. That's what simplified transporting the Braves from Boston to Milwaukee. Lou Perini was the proprietor at both ends.

There could be an earlier franchise transfer than the one at least contemplated by Stoneham. This one would end the Senators' 56-year run in Washington.

The new high command in the capital is reported ready for the move to Los Angeles, San Francisco, Toronto, Buffalo, St. Paul or any other of the new big cities in addition to Minneapolis that has ample seating and parking accommodations and puts up the necessary money.

The situation in Washington is very similar to the one that existed on the American League side in Philadelphia with the Macks. And you know what transpired there. Too many consecutive lean years transplanted the Athletics all the way to Kansas City.

Because it is a one-league town, Washington could be one of the best franchises in baseball, but this will be the 10th straight year that the Nationals have finished in the second division. The fans have soured on the Griffiths and Robertsons.

Griffith Stadium isn't big enough even if they all came and is situated in a bad neighborhood, where there is no parking space. There is talk of a new municipal stadium, but if and when it is built, someone will have to put something in it.

Washington attendance last year dropped to 423,000, the lowest in 15 campaigns. Even with the Nats' quick start, attendance is below that of a year ago, and business doesn't figure to improve. The club lost seven of eight in the west and took a pasting at Yankee Stadium.

Compared to a dozen or so other major league clubs, Washington's is a pauper's operation. As was the case with the Macks of Philadelphia, this is a family deal.

And even with the rock bottom 423,000 paid last season, the clan made a little money. There was \$310,000 for radio and television and the Redskins' football rental, you see, and Jimmy and Billy Robertson operate the concessions. The telecasting swag is even fatter now, a new three-year contract calling for in excess of \$1,500,000.

There isn't much on the field, however, and less on the farms, and my key Washington operative believes Calvin Griffith, who now speaks for the tribe, would listen to a sound proposition that would include taking care of the family, which controls 52 per cent of the stock.

The only sizable outside stockholder is H. Gabriel Murphy, who was Georgetown's graduate manager of athletics. Murphy, who owns 40 per cent, is an insurance man who would go along with a profitable new pitch.

Applicants without a park, parking and plenty, please do not apply.

Mantle Says He's Not Afraid Of Boudreau's Rock And Roll Shift

By JOE REICHLER

NEW YORK (AP)—Mickey Mantle said before Wednesday's game between the New York Yankees and Kansas City that he was not afraid of Lou Boudreau's latest brainchild—the rock and roll shift.

"I'll burn it to death," he said. "By the time he got his chance to make his boast good Wednesday, the Yankees' slugging center fielder either forgot all about it or changed his mind."

Mickey's opportunity to upset shift did not come until his fourth time at bat, in the sixth inning. During Mantle's first three times at bat, Boudreau employed the conventional defense against him because each time, there was at least one runner on base.

Ed Burtch, a right-hander, was on the mound for Kansas City when Mantle led off the sixth, batting left-handed. Immediately, Manager Boudreau went into his right side shift, which is an exaggerated version of the famous "Ted Williams Shift," which Lou concocted against the Boston Red Sox slugger back in 1946 when he was managing Cleveland.

Here's what he did: He moved second baseman Jim

Finigan into short right field, shortstop Jim Baxes into the second base slot and third baseman Hector Lopez into shallow center field with first baseman Vic Power playing a sort of deep first. Left fielder Enos Slaughter moved in to play a deep third base and right fielder Harry Simpson moved to deep center field.

This packed the right side of the diamond against the switch-hitting Mantle, giving him plenty of room in case he wished to punt toward third—or even first.

But Mickey, instead of bunting as he promised he would do—and what Boudreau obviously wished him to do—smashed a long drive to deep center, over Lopez' head. Simpson made the catch in front of the bleachers, 412 feet from the plate.

The shift was used on Mantle again when he came to bat in the eighth with nobody on base. This time, Tom Gorman, a right-hander, threw a third called strike past him.

The shift was used twice Tuesday night and both times Mantle, attempting to bunt, struck out. He homered later with a mate aboard but there was no shift on at the time. Lou Kretlow, a right-hander, was the pitcher.

Boudreau said he was willing to give a power hitter like Mantle first base on a bunt on occasions rather than risk the big blow.

Casey Stengel, the Yankee manager, scoffed at Boudreau's latest move. Said Casey: "They can't put men in the upper and lower decks of the stands."

CUBS ASSIGN TWO PLAYERS
CHICAGO (AP)—The Chicago Cubs signed two 19-year-old pitchers Wednesday for their Paris, Ill., farm team in the class D Midwest League.

They are Jack Curtis, a left-hander from Rhodhiss, N.C., and Willie Adams, a right-hander from Moss Point, Miss.

White's Single Gives Boston 5-4 Win Over Tigers

BOSTON (AP)—Boston, powered by Sammy White's second two-run single of the game, landed on tying Paul Foytack for three runs in the eighth inning Wednesday and a 5-4 victory over Detroit. The loss snapped a seven-game Tiger winning streak.

Red Sox righthander Tom Brewer was credited with his eighth victory against a lone setback but needed relief from Ike Delock in the ninth when the Tigers scored twice and threatened to pull it out.

Brewer, outpitched by Foytack in the middle innings, held a 5-2 lead going into the ninth with a seven-hitter. After fanning Frank House, Tommy walked pinchhitter Charlie Maxwell. After Harvey Kuenn singled home the third Tiger run Delock was waved in.

Ike struck out Earl Torgeson on a 3-2 pitch. On a 0-2 count, Al Kaline singled to make it 5-4 as things got tense.

White pounced from behind the plate on Bill Tuttle's dribbler, picked it up before it could roll foul and threw to first to end the game.

The Tigers had tied it 2-2 in the sixth on Bob Kennedy's single to center after a weird play involving Boston third baseman Billy Kaul's shirt put Detroit in business.

Tuttle opened the inning with a grounder which somehow rolled inside Klaus' shirt and by the time he could dig it out Tuttle was on first with a single.

As he promised he would do—and what Boudreau obviously wished him to do—smashed a long drive to deep center, over Lopez' head. Simpson made the catch in front of the bleachers, 412 feet from the plate.

The shift was used on Mantle again when he came to bat in the eighth with nobody on base. This time, Tom Gorman, a right-hander, threw a third called strike past him.

The shift was used twice Tuesday night and both times Mantle, attempting to bunt, struck out. He homered later with a mate aboard but there was no shift on at the time. Lou Kretlow, a right-hander, was the pitcher.

Boudreau said he was willing to give a power hitter like Mantle first base on a bunt on occasions rather than risk the big blow.

Casey Stengel, the Yankee manager, scoffed at Boudreau's latest move. Said Casey: "They can't put men in the upper and lower decks of the stands."

CUBS ASSIGN TWO PLAYERS
CHICAGO (AP)—The Chicago Cubs signed two 19-year-old pitchers Wednesday for their Paris, Ill., farm team in the class D Midwest League.

They are Jack Curtis, a left-hander from Rhodhiss, N.C., and Willie Adams, a right-hander from Moss Point, Miss.

Washington Collects 15 Hits To Take 12-7 Victory Over Chisox

WASHINGTON (AP)—Washington maulled four Chicago White Sox pitchers for 15 hits, including home runs by Whitey Herzog and Carlos Paula, en route to a 12-7 victory Wednesday night.

The White Sox shelled Bob Wiesler for three runs in the first inning and chased him, but the Senators picked up a run off Gerry Staley in the second inning and tied the score in the third on homers by Herzog and Paula.

Chicago rebounded with a run off Connie Grob, the winner, in the fourth inning when Sam Esposito, posito singled, Nellie Fox doubled and Jim Rivera grounded out. The Senators splurged for three runs in the fifth when Grob hit the same inning and added six more off Sandy Consuegra and Morris Martin in the fifth.

Jim Rivera hit a two run homer off Grob in the sixth.

Houtteman to replace Score.
Score became ill during Tuesday night's game here. At first, it was thought he was a victim of his own appetite, said by his teammates to be a big one.

Dr. Erwin Mayer, Oriole team physician, who made the virus diagnosis, ruled out one cause of Score's disorder, appendicitis.

Score already has his appendix removed.

Starting with the last man up in the second inning Stu Miller had retired 15 Redlegs in order. Then with two out in the seventh, pinch hitter Bob Thurman singled and Johnny Temple walked.

Robinson belted his 12th home run over the center field fence and Bell followed with his 12th Philadelphia homer.

Indians Win Over
Baltimore 5-1

BALTIMORE (AP)—The Cleveland Indians bunched five of their seven hits to score all their runs in two innings Wednesday night and defeat the Baltimore Orioles 5-1.

Art Houtteman, starting only the second time for Cleveland this season, got credit for his first victory although Ray Narleski relieved him in the sixth inning.

The Orioles scratched only six hits off Houtteman up until two outs in the sixth inning.

Houtteman complained of a sore shoulder in the sixth with two men on base and two strikes on Gus Triandos. Narleski blazed the third strike past Triandos and proceeded to fan four more Orioles to finish the game with only one Oriole able to reach first base on him.

The Orioles didn't get a runner to third before the ninth, when they scored their only run, and got only three as far as second base.

The Indians scored two runs in the fourth inning and three in the fifth.

Yanks End 4 Game Losing Streak; Beat A's 10-5

NEW YORK (AP)—The New York Yankees Wednesday cracked their four-game losing streak, defeating the Kansas City Athletics 10-5 but Mickey Mantle, for the second day, failed to crack Lou Boudreau's exaggerated version of the "Ted Williams Shift."

The Yankees, powered by home runs off the bats of Yogi Berra and Bill Skowron, maulled five Kansas City hurlers for 12 hits to give Bob Grim, their starter, his third triumph without a defeat. Tom LaSorda, a left-hander, started for the A's and was routed in the third as the Yankees soared to an 8-0 lead.

Mantle got one hit—a first-inning single—in five times at bat. Only twice, however, did Manager Boudreau employ his new "rock-and-roll" shift on the Yankee slugger with practically everybody shifting to the right. They came in the sixth and eighth innings when Mantle was the first hitter. In each instance, a right-hander was on the mound for Kansas City and the switch-hitting Mantle batted left-handed. Boyd Defeats Milo Savage On 16th Round TKO

By JERRY LISKA

CHICAGO (AP)—Bobby Boyd of Chicago, No. 2 middleweight contender, rallied for a 10th round technical knockout of game Milo Savage of Salt Lake City in a televised bout at the Chicago Stadium Wednesday night.

Savage had carried the fight to his rangier opponent until the final two rounds when his left hip, injured when he slipped out of the ring in the fourth round, gave way.

Savage slipped once in the ninth round and then went down again for an official knockdown. Then, with the tenth and final round only 27 seconds old, Boyd landed a sharp right to the head and Savage buckled to the canvas.

He tried to get up, but his left leg seemed to collapse and referee Joey White signaled the end. Boyd weighed 158½ and Savage 159½.

Pace Redlegs To
7-3 Victory

CINCINNATI (AP)—The Cincinnati Redlegs remained only four percentage points out of first place in the National League Wednesday night as Frank Robinson and Gus Bell erupted with a seventh-inning home run attack that led to a 7-3 victory over the Philadelphia Phils.

The Redleg outburst in the seventh came with such a lack of warning that all four runs were in before the Phils could get Bob Miller into the game as relief for starter Stu Miller.

Starting with the last man up in the second inning Stu Miller had retired 15 Redlegs in order. Then with two out in the seventh, pinch hitter Bob Thurman singled and Johnny Temple walked.

Robinson belted his 12th home run over the center field fence and Bell followed with his 12th Philadelphia homer.

Merchants Take Thrilling 5-3 Win Over Acco

Relief pitcher Farrell Mitchell came in to quell a seventh-inning rally by the Acco Foods nine and the Merchants went on to take a 5-3 victory at the Nichols Park diamond last night.

The win was the fifth straight for the Merchants in Irv League play and their sixth win of the season. Bob McEvers started for the Merchants and got credit for the win but had to leave the game in the sixth frame because of a sore arm.

Edard came in for McEvers and ran into trouble in the seventh as Acco Foods loaded the bases with one out. Mitchell came in on relief and fanned Sexton on three pitches and got Frank Breakville on a ground ball, short to first to retire the side.

Bob Gregory collected three hits to lead hitting honors for the Merchants.

Floyd Ford was charged with the loss in the makeup game of a rained out tilt for the two clubs in May.

MOST GRAINS CLOSE HIGHER DESPITE WHEAT HEDGING

By EARL AYKROID
CHICAGO (U)—Most grains closed higher on the Board of Trade Wednesday despite moderate hedge selling in nearby wheat contracts.

July and September wheat futures started higher but later fell back under hedging action and some profit taking. Resting order demand, however, cushioned the moderate declines.

The rest of the market resisted selling pressure pretty well. Wheat closed 1/4 lower to 3/4 higher, corn unchanged to 1/4 higher, oats 1/4 lower to 1/4 higher, rye 1/4 lower to 1/4 higher, soybeans 2/4 lower to 1/4 higher, and hard 13 to 15 cents a hundred pounds higher.

At the start of Wednesday's trading session, some grainmen attributed resumption of the harvest in the Southwest for the decline in wheat. Toward the end, however, they discounted the expanded harvest as a bearish factor on the theory that with prices now at about the new low levels, sales of free wheat will fall off sharply in the event of a decline in value.

Soybean prices were mixed. The July contract continued to show independent strength, affected by dwindling supplies, together with strength in soybean oils and a firm soybean meal market.

Standard grade cows brought \$13.50 to \$15.00 and utility and commercial \$11.75 to \$13.50. Buyers took good and choice vealers at prices ranging from \$19.00 to \$23.00.

Business transacted made it the third slowest day this year.

The market in recent days has been under the spell of traders and others who are holding off to see whether the rally of the past week will continue or whether the market will test the old lows in a quick reaction before going ahead.

You will recall that a strong rise topped out in April, and a steep three-week reaction was snapped off a week ago Tuesday with the strongest single day's rally of the past 17 years.

Wednesday the market was a little higher right at the opening, then it headed down most of the rest of the day. Just before the close, some support appeared and brightened the picture slightly.

The Associated Press average of 60 stocks was off 80 cents at \$178.70 with the industrial component off \$1.00, rails down 80 cents, and utilities off 30 cents.

Volume amounted to 1,460,000 shares, third lowest of 1956. That compares with 1,650,000 Tuesday.

The American Stock Exchange was lower on volume of 640,000 shares as compared with 620,000 Tuesday.

Ike 'Too Busy' To Consider Re-Elect Fight

(Continued From Page One)

Did he think he would have a "tough battle to be re-elected, or will the Democratic candidate be fairly easy to beat?"

"Will you take an honest answer?" the President came back. "I haven't thought a single thing about it. I am too busy."

Politics came up when a reporter inquired whether Eisenhower planned to help Sen. Wiley (R-Wis.), a strong supporter of administration foreign policy, who was denied endorsement for another term by the Wisconsin GOP State Convention.

"I don't believe," Eisenhower said, "it is a place that the President of the United States should be interfering."

Wiley said later he agreed fully that the chief executive shouldn't intervene in primaries, although he voiced a hope Eisenhower might choose to praise "my loyal efforts."

As for his own candidacy, the President offered no objection to a pre-election physical check up, such as Democratic National Chairman Paul M. Butler has suggested for both presidential nominees.

"If there is anything wrong with me," he said with a smile, "I would like to know it."

Under questioning, Eisenhower said that when Moscow invited Gen. Nathan Twining, chief of staff of the Air Force, to attend an air show June 24 he felt there was no reason against accepting. He added that "I might be expected to extend exactly the same courtesies to one of their people that they extend to ours. I will do exactly that, the same courtesies, on the same conditions, and conducted in the same way."

Asked later on whether anything had been done or would be done about an invitation to Twining's opposite number to visit this country, the President replied that "if we have any indication that he would like to come he will be welcome to exactly the same kind of things over here that Gen. Twining saw over there."

There were no identifying marks outside the vehicle but it had a red light and siren. Once in Chicago, Kirkendoll said, he became "afraid I would get caught in it," and left it outside the police station.

Kirkendoll said he went AWOL from Ft. Jackson, S. C. in March. He came to Kansas City Tuesday on a freight train after selling a pint of blood for \$10 at a hospital.

Married and father of one child, Kirkendoll said he was willing to face punishment and hoped his estranged wife would take him back.

"I'm a mixed-up kid," Alexander quoted him.

The stolen auto detail in Chicago confirmed that the car had been recovered. But the record's notation of "Monroe and Ashland," a West Side intersection, indicated it was not within several blocks of a police station when the auto was retrieved.

Pears said he did not know when results of the tests would be available.

McClane was Mrs. Davenjay's escort when the pretty 27-year-old Chicago secretary was shot to death on the steps of a Niles night club early Sunday. McClane and his wife also were at the club at the time of the shooting. Miss McGraw is a member of McClane's magazine subscription team which was working the South Bend area.

The coroner's jury of six men ruled Mrs. Davenjay's death a homicide and said she was killed by a "bullet fired at relatively close range by a person or persons unknown."

But they ruled out an early theory that she met death from a stray bullet fired by a prankster.

Meanwhile, state police in East Lansing said neither of two guns brought to the state police laboratories for ballistics tests was the murder weapon. One was a revolver McClane had given his brother, Elmer, following the shooting and the other a rifle found along a Berrien County road. Both were 22 caliber weapons.

"The message to the American people . . . is creative and constructive in its proposal that our religious leaders take the initiative in calling together concerned citizens on a local basis, to treat social and group tensions as they arise," Eisenhower said.

"Problems of such magnitude as American race relations and inter-racial good will and cooperation can be dealt with most effectively on the moral and spiritual plane," the President said.

"Courageous action by the leaders of the three great religious traditions of our country is basic to all other steps that must be taken."

Johnson has been mentioned more and more often recently as a potential candidate himself, despite the political handicap he shares with Kefauver of being from the South, where Democratic votes are produced without recourse to regional pride, Johnson's reputation in the party and with the general public has been rising rapidly in the last few years. Formerly an ardent New Dealer as a member of the House, the Texas senator now ranks as a moderate.

But he has had a heart attack and hasn't been acting like a candidate. That could mean merely that he chooses to be more "inactive" than Harriman and Symington.

Old fashioned moonshine—COLUMBIA, S. C. (U)—The moonshining business isn't altogether mechanized yet.

South Carolina liquor agents say they arrested 63 persons while smashing 126 stills during May. And they confiscated 20 trucks and cars and two goats along with one wagon, one horse, and a mule.

The intensity of sound is measured in decibels.

There are 263,644 square miles of land area in Texas.

Above, uniformed policeman and security officer are with the Governor as he leaves the Colonial office and walks to his car.

Soldier, Tired Of Running Away, Goes To Police

KANSAS CITY (U)—A 23-year-old Mattoon, Ill., soldier, police said, walked into headquarters Wednesday and told of stealing a police car in Dallas, then abandoning it in front of a police station in Chicago.

"I'm tired of being on the run," Police Lt. Claude Alexander quoted Richard Eugene Kirkdell, of Mattoon. He had only eight cents in his pocket when he walked into headquarters there.

Kirkdell's story as related by Alexander:

He saw detectives parking the light blue sedan in front of the Dallas police station about May 25 with the keys inside. As he drove the car out of town he heard a police broadcast of the theft.

There were no identifying marks outside the vehicle but it had a red light and siren. Once in Chicago, Kirkdell said, he became "afraid I would get caught in it," and left it outside the police station.

Some seedsmen coat small seeds with clay to aid in proper planting.

There are 33,200 federal employees in Colorado, an increase of 42 percent since 1950.

AND AWAY WE GO—A mighty twirl and D. W. J. Anthony wins the hammer throw in the British Games at London's White City Stadium with 179 feet, 11 inches.

DRINKS TEA—SEES SNAKES—Tea time dull?—invite some unusual guests. George Boyce of London, England, gathers his pets about him when he imbibes in the daily spot. His reptile friends, which George keeps in his home, include Toby, an Indian-starred tortoise; Nimrod, a seven-year-old alligator, four and one-half feet long; and Salas, a seven-foot boa constrictor which likes to wrap itself about the tea-sipping Boyce's neck.

FOUL PLAY—Bill Sarni ran into the corner next to the Giants' dugouts to catch Daryl Spencer's foul in the ninth inning at the Polo Grounds. The catcher may have saved the game for the Cardinals by leaning into box seats to catch Alvin Dark's foul with two men on and two out in the eighth.
